Latest pricing, product information and Prop 65 warnings are included at point of sale.

 Products made with at least 10% total recycled content.  Because there is no universally accepted standard to designate products as environmentally preferable, we have adopted the green leaf symbol to highlight products that have one or more of the following attributes: reduced VOCs, compostable, biodegradable, contains recycled content, or other environmental attributes that make this product¹ less harmful to the environment or humans, when compared to its traditional counterparts. Many of the products marked with the green leaf symbol have been endorsed by third-party certifying organizations, and where applicable, the certifying body's logo appears next to the product's name. Please note that we have not independently verified the environmental attributes.  Products that meet the recovered material content ranges specified by the EPA through the Comprehensive Procurement Guideline (CPG).  Academic year.  Calendar items with best availability through March. ¹These environmental attributes refer to the products themselves and not the processes for manufacturing and transporting the products.
